foldable favorite: portable barbecue

April 13th, 2013

Chimarrone in western Oregon and Washington while camping with the Dufft means huddling inside out on the unrelaxed weather; brooding hanger; constructed mess in the tiny garage; and snoring and legs strung to the floor heater. Full west of the Cascades though, where sites are clear, and the great outdoors becomes your dining room. Time to barbecue.

Storage within the trailer remains on a miniature scale, so we stream with the hottest foldable Portable Charcoal Grill.
